

Preventive notice: Presence of black bears

Municipality of Pontiac

July 10, 2020 – 4:30 p.m.

What you should know:

- The Municipality has been informed by citizens of the presence of black bears on its territory.
- In this period of drought, the black bear ventures closer to civilization to feed itself.
- Proper waste management is important as it represents a potential source of food for the bear. Bird and squirrel feeders as well as barbecue grills or any food left outside are also considered attractions.
- Black bears are usually afraid of humans. In their presence, it is advisable to remain calm and not to shout.
- To report the presence of a bear, the Municipality invites you to communicate with S.O.S Braconnage:
 - 1-800-463-2191
 - services.clientele@mffp.gouv.qc.ca
- The Municipality thanks all citizens who took the time to share information and asks everyone to be careful.
