Roadworks on Highway 148
Municipality of Pontiac

The Quebec Ministry of Transportation wishes to inform the population that road repairs will be carried out on Highway 148 between Terry-Fox and Maple roads in the Municipality of Pontiac.

The work will begin on July 27th and the schedule will be from 7 am to 7pm, Monday through Friday, during which one lane will be closed and traffic will alternate. The speed limit will be 50 km/h.

The work should be completed around November 8th 2017 depending on weather conditions or operational constraints.

The Quebec Ministry of Transportation will invest more than 4.6 billion dollars on the Quebec road network between 2017 and 2019. To adequately plan any of your trips, enquire about the flow of traffic by consulting Quebec 511. To ensure the safety of road users, and that of the workers, it is essential that we all respect the signage installed.
