

2020 SPRING FRESHET (THAW): Snow melt preventive notice

Municipality of Pontiac

April 2, 2020 – 3:30 p.m.

What you need to do:

If you are in one of the areas affected or targeted sectors, please follow these guidelines:

- Considering that the government will not allow the opening of shelters for disaster victims, the Municipality invites its citizens who live in risk areas to think about a place where they could stay (family or friends) in the event of a flood, but is actually working on an action plan to that effect;
- Check that your bilge pump is in good working order;
- Remove snow from around the foundation of your home to prevent flooding in your basement;
- Please follow the recommendations of the ministère de la Sécurité publique du Québec (MSP) to ensure your safety, such as preparing an emergency kit or a family emergency plan: www.quebec.ca/securite-situations-urgence/urgences-sinistres-risques-naturels/inondation.

Where to inquire:

For more information on flood preparedness, please see:

- The Website of the ministère de la Sécurité publique du Québec (MSP): www.quebec.ca/securite-situations-urgence/;
- Municipality of Pontiac's Web site : <http://www.municipalitepontiac.com/fr/>;
- Municipality of Pontiac's Facebook account: <https://www.facebook.com/pontiacmun/>.
